

FUEL ONLY RATES FOR COMPANY CARS

If you are provided with a company car, and to avoid a benefit in kind for fuel, many employees choose to purchase their own fuel and put through an expense claim for the 'fuel only' element of the miles they have accrued. Hybrid cars are treated as either petrol or diesel cars for this purpose. The rates change quarterly.

From 1st September 2018		
	Petrol	LPG
Engine Size	per mile	
1400 cc or less	12p	7p
1401cc to 2000 cc	15p	9p
Over 2000 cc	22p	13p
Engine Size	Diesel - per mile	
1600cc or less	10p	
1601cc to 2000cc	12p	
Over 2000cc	13p
